# PIPI-GONE

Removes odours & stains

  
BIOLOGICAL

## EFFECTIVE AGAINST

Urine

Faeces

Vomit

Odours

# PIPI-GONE

**Pipi-Gone** is a highly effective, biological product for effective and lasting odour & stain removal. It is safe to use on carpets, furniture, upholstery and waterproof surfaces.

**Pipi-Gone** naturally removes stains & odours from urine, faeces, vomit, saliva and territory markings. The bacteria contained neutralise the odours at the source, destroy uric acid crystals and effectively remove visible residues.

**Application:** First remove soiling roughly with a damp cloth. Now spray **Pipi-Gone** generously onto the affected area and let it work for about 1 minute. Then wipe the area with a clean cloth.

In case of stubborn stains and odours, cover the area sprayed with **Pipi-Gone** with a clean cloth and leave the product to act for 24 hours. Keep the cloth damp with additional sprays during the entire exposure time. Then wipe the area with a clean cloth. Repeat the application if necessary.

Content: 750 ml
