

XTREME POND WATER CONDITIONER

- ✓ Makes tap water safe
- ✓ Detoxifies ammonium/ammonia/nitrite
- ✓ Removes chlorine/chloramine
- ✓ Removes copper & heavy metals

Xtreme Pond is a specially developed water purifier for every pond. Ideal for use when adding water, restocking with animals or plants and for transporting fish.

ARTEMISS POND & HERBTANA POND FISH CARE

- ✓ Support the immune system
- ✓ Safe & efficient
- ✓ Herbal based – 100% biological
- ✓ Protection of the biological balance

Artemiss Pond & Herbtana Pond are herbal care products to support the immune system of fish in every pond.

OVER 45 YEARS OF EXPERIENCE

The brand „**MICROBE-LIFT**“ has stood for **innovative** and **unique products** for **water treatment** for more than 45 years.

Our trademark is the **cultivation of living bacteria** for biological solutions to problematic cases as well as for daily care.

All products meet the **highest quality and testing standards**, which are constantly being further developed by PhD chemists and microbiologists in our laboratory.

Key features of our products:

- ✓ Maximum efficiency
- ✓ Simple to use
- ✓ Safe to use
- ✓ High quality ingredients
- ✓ Strictly controlled quality standards
- ✓ Developed with nature in mind
- ✓ Perfectly coordinated with each other

IDEAL FOR START-UP AND LONG-TERM CARE

NITE-OUT II POND

STARTER BACTERIA

- ✓ At the start & after water changes
- ✓ Removes ammonia & nitrate
- ✓ Living bacteria with immediate biological activity
- ✓ High range

Nite-Out II Pond is a specially developed mix of bacteria for a rapid, safe and fish-friendly biological start as well as for optimal care of every pond.

SPECIAL BLEND POND

WATER CARE BACTERIA

- ✓ Reduces nitrate
- ✓ Breaks down organic waste
- ✓ Crystal-clear water
- ✓ Reduces maintenance time
- ✓ Biological cycle

Special Blend Pond, thanks to a large number of beneficial living bacterial cultures, provides crystal-clear water, abundant plant growth and stable water biology in every pond.

THERA P POND

FISH CARE BACTERIA

- ✓ Probiotic bacteria for intestinal flora/mucous membranes
- ✓ Improved nutrient absorption
- ✓ Improved health
- ✓ Reduces downtime

Thera P Pond is a specially developed mix of bacteria to improve the health and well-being of the fish in every pond.

PHOS-OUT 4 POND

PHOSPHATE REMOVER

- ✓ Controlled & effective lowering of the PO_4 value
- ✓ Fast action
- ✓ Improved water quality
- ✓ Prevents algae by nutrient deprivation

Phos-Out 4 Pond removes phosphates quickly and safely from the water and produces a sustainable improvement in water quality in every pond.

SUBSTRATE CLEANER POND

BIOLOGICAL GRAVEL CLEANER

- ✓ Removes detritus & waste
- ✓ Breaks down organic waste
- ✓ Clear water
- ✓ Breaks down phosphate deposits & nitrate sources

Substrate Cleaner Pond is a specially developed mix of bacteria for the biological breakdown of detritus and waste materials on the ground as well as rock in every pond.

BEAD FILTER POND & GEL FILTER POND

FILTER STARTER

- ✓ For immediate biological activity of filters
- ✓ Larger cleaning intervals
- ✓ Increased filter performance
- ✓ At the start & after cleaning

Bead Filter Pond & Gel Filter Pond are innovative bacterial products for immediate biological activity and increased filter performance in any pond.
